The June Jones Foundation is a 501(c)(3) nonprofit, tax-exempt foundation dedicated to improving the quality of life for needy families of children with life-threatening illnesses as well as other charitable causes. The emotional, physical, and spiritual impact that a seriously ill child has on a family cannot be measured. The Foundation is dedicated to lifting their spirits by providing grants, programming and support.

HUGS serves families with children up to the age of 21 who have been diagnosed with any illness or disease that could rob a child of his or her life.

The organization is the only one of its kind in the state of Hawai'i that provides programs designed to improve the quality of life for families as they deal with the emotional and financial hardships of caring for a seriously ill child.
